Work Experience

Gnip - Boulder, CO

Engineering Intern - April 2010 to present

Learned the startup ropes doing a bit of everything including front end design work, back end work, lead qualification, sitting in on developer and business meetings and helping overhaul the Gnip website and blog.

Boulder Country Club - Boulder, CO

Outdoor Operations Attendant - March 2009 to August 2009

Developed personal relationships with members while meeting high expectations with expedient service. Responsibilities included organizing the staging area, maintaining the driving range, cleaning golf clubs.

ID Tech Camps - Denver, CO

Instructor - May 2008 to August 2008

Taught numerous courses to campers ages 12-18 in computer programming, including C++, Unreal Development Kit, Game Design. Leadership position in a fast-paced instructional environment.

Volunteer Work

Fishy Middle School Youth Program

Leader - August 2006 to April 2009

Led group of boys through their middle school years. I built relationships with them and their families and helped them navigate life during this time.
